WINTER FLOWERING

For Florists and Private Growers

SEED DIRECT FROM
OUR RANCH TO YOU

JUNE 1947 to JUNE 1948

Individual Flowers Of Our
All Double Larkspur in Comparison With The
Regular Giant Imperial Type.

Undivided Attention to
The Higher Develop-
ment of Better Sweet
Peas.

William Zvolanek & Co.

Established 1926

P. O. Box 142

Lompoc, Calif.

CULTURE SUGGESTIONS

Work soil at least 18 inches deep; use liberal amount of well decayed manure. Cow manure is best. Use sprinkling of lime and bone; Soak seed in water for about 24 hours or until swelled up and then plant about 1½ to 2 inches deep in a well firmed soil that is good and moist, but not sticky. (DO NOT SOAK WHITE SEEDED VARIETIES).

In recent years a copper oxide preparation has frequently been dusted on sweet pea seeds to prevent damping off, the same proving very satisfactory. This can be procured at most seed stores under various names. Inoculation of seed is also highly successful.

Peas will not do well in too loose a soil. Plant one inch apart and later thin to about six inches. Do not water until seeds have begun to germinate. After germination has taken place give good soaking. MOST FAILURES ARE CAUSED BY WATERING BEFORE SEED HAS SPROUTED. If weather is hot use some kind of shading. Protect young plants from birds outdoors. Look for Green Aphids regularly as this insect is the worst enemy. Spraying with nicotine, one part nicotine to 400 parts water with spray gun is best. There are also many other good insecticides which are excellent for the control of Aphids. Give young plants substantial supports in order that they may climb and produce good flowers. Poor flowers with crooked stems are worthless. Liquid manure feeding after they come in bloom will lengthen the flowering period and produce better flowers. Pick all flowers as this also lengthens the flowering period. Always keep the surface earth loose and never allow a crust to form. If grown indoors keep ventilators open to keep the air as dry as possible. A house that is kept damp and sultry will cause too much growth and the sweet peas will not bloom as soon as they should, and then will begin to bloom too high up. Early sweet peas usually bloom from 75 to 100 days after seed is planted.

CONDITIONS OF SALE

Send your orders as soon as possible after receiving catalog to insure prompt delivery. Orders are filled the same day we receive and we exercise the utmost care in filling orders.

Owing to the handling of other flower seed not raised by us we are compelled to use the seedsman disclaimer.

WILLIAM ZVOLANEK & CO., give no warranty, expressed or implied as to description, quality, productiveness or any other matter of any seeds we sell and we will not be in any way responsible for this crop. If purchaser does not accept seed on these terms they are to be returned immediately and the money paid for same will at once be refunded.

Any questions in regard to growing will be cheerfully answered. In case of shortage or crop failure we will take the liberty of substituting with the best and nearest color. If this is not wanted, mark your order "No Substitute."

TERMS

A 6% discount will be allowed on all orders with remittance enclosed and all such orders will be sent postpaid to any part of the postal union, or Canada. Orders not accompanied with remittance, postage will be added and if party is not known will be sent C. O. D., unless other arrangements are made in advance. To insure delivery of foreign orders, postal money order should accompany order with postage added or we cannot be held responsible for delivery. ALL FOREIGN ORDERS MUST BE AT PAR WITH U. S. CURRENCY.

If you wish seed to be sent via airmail allow extra for postage.

Ask for our Special Prices on lots of 10 lbs. or more.

IF IT'S SWEET PEAS
ZVOLANEK'S IS THE FINEST
You Cannot Afford To Be Without Them

We are the only Early Flowering Sweet Pea Specialists in the United States today; having spent a life-time developing better Sweet Peas. We produce better and better strains for cut flowers and have always been in the lead, not merely following others. Some California growers claim that they improve on our strains but a trial of our seeds will convince it is otherwise. All seed growers are now growing our leading varieties such as our magnificent Mrs. H. S. Reddick and Cascade. These were the leaders of our famous Zvolanek Reddick strain of which we now have many colors. The florist and grower cannot afford to be without these if top notch varieties are wanted with extra long stems and clear colors. The growth is healthy and vigorous; and on cloudy days they have a tendency to hold the buds better than others. This is the leading strain in America today; there are none better. Order your seed direct from us to be sure your seed is fresh. Seed is sent the same day order is received. Your seed dealer can also supply you with our seeds as we cater to all leading seedsmen. **INSIST ON ZVOLANEK'S THE BEST OBTAINABLE.**

We again thank you for your past patronage and trust we may always be able to serve you with our fine seeds.

Very sincerely yours,
WILLIAM ZVOLANEK & CO.

William Zvolanek, Prop.

ATTENTION
TO CALIFORNIA GROWERS

A 2½% Sales Tax must accompany all orders from California, unless you have a sellers permit number from the California State Board of Equalization. If you have a sellers permit number, place same on your order which will exempt you from the above Tax. We must have a record of your number on file at all times. Out of state orders tax exempt.

NEW VARIETIES OF EARLY FLOWING SWEET PEAS FOR 1947

ZVOLANEK'S LAVENDER: Gigantic clear lavender; flowers large and wide open, extra long stems with thrifty growth and four flowers. Probably the best lavender ever produced. Outstanding.

ZVOLANEK'S FIRE WAGON RED: We have been asked for a color of this sort several times in the past and are pleased to say we have produced the color wanted. Giant sized cerise orange which is almost red. The color is outstanding and flowers on nice long stems.

ZVOLANEK'S MORNING GLOW: A gigantic salmon pink with an intense salmon glow. Very showy either under light or day time. Immense flowers with four to the stem. Another outstanding variety.

Prices on Each: 1 oz. \$1.00 4 ozs. \$3.75

EARLY FLOWERING

Thrifty, Vigorous Long Stem Type.
They Have No Equal.

Sample Packets of any Two Novelties
of Any Varieties of Sweet Pea Seeds
In Our List, Your Choice with Order
of \$5.00 or More
